ReadyAI

Your Personal AI Interview Coach

Eliminating the guesswork from interview preparation with specific, measurable, and actionable feedback based on real company patterns from Google, Amazon, Meta, etc.

Made with GAMMA

3 Steps to Start

Create Account

Free to start with exclusive 70% discount for .edu users

Log Interview

Record a past interview for immediate AI analysis

Get Roadmap

Receive personalized plan based on weak points

Made with GAMMA

AI Feedback & Analysis

1

Quantifiable Metrics

Overall score out of 100, broken down by Content Quality, Clarity, and Confidence.

2

Specific Insights

- Filler word tracking for "um," "like," "you know"
- STAR structure completeness scoring
- Pacing and tone analysis

Feedback is actionable: "You used 14 filler words; replace them with pauses" instead of generic advice.

Made with GAMMA

Behavioral & Technical Mock Modes

Company-Specific

Tailored question banks for Google (Scalability), Amazon (Leadership Principles), and Meta (Impact)

Multimodal Analysis

Live tracking of eye contact, posture, facial expressions, and hand gestures

Real-Time Feedback

Live scoring and tips as you speak or type during mock interviews

Made with GAMMA

4-Week Personalized Roadmap

1

Week 1: Foundations

STAR framework basics and core concepts

2

Week 2: Practice

Company-specific questions and scenarios

3

Week 3: Refinement

Weakness targeting and improvement

4

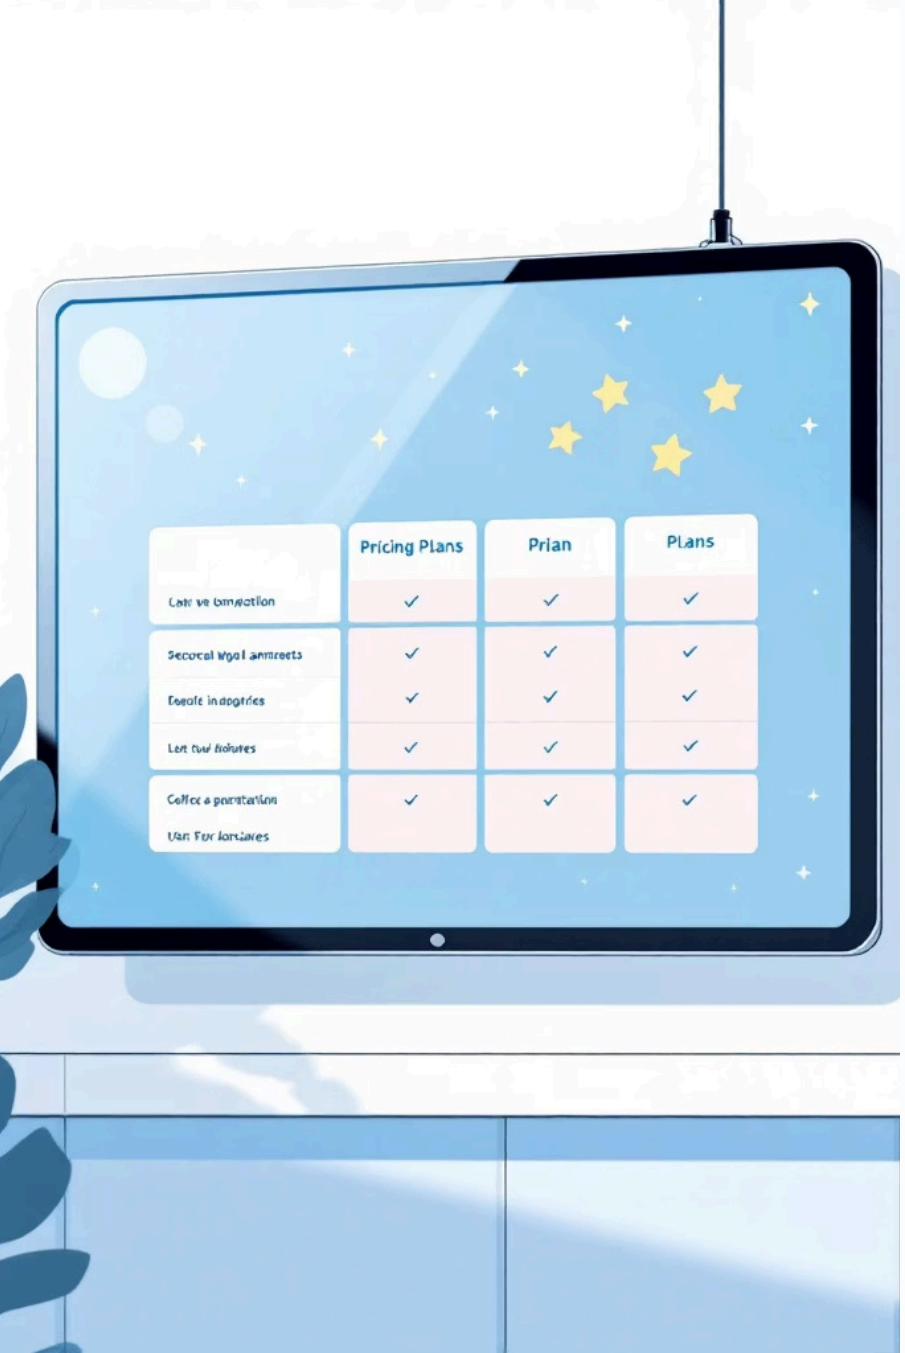
Week 4: Readiness

Final polish and confidence building

Adaptive learning based on target role and experience level

Gamification with streaks and progress percentages

Made with GAMMA



Business Model

Free Tier

3 feedback logs and basic dashboard

Real-time video analysis for eye contact (78%), posture (85%), hand gestures (55%)

Immediate Iteration

AI tips displayed below questions to guide users during sessions

Made with GAMMA

Conclusion

ReadyAI transforms the subjective, high-stress interview process into a structured, data-driven journey, providing the objective "mirror" candidates have historically lacked.

Quantifiable Performance

Precise scores in Technical, Behavioral, Confidence, and Clarity metrics.

Actionable Feedback

Exact filler word counts and intelligently rewritten answers for impact.

Holistic Coaching

Real-time gesture and posture analysis to refine presentation.
